EHS
Corporate EHS Department

一. 晶澳EHS

People-centred, prevention-oriented, safe and healthy work;
Environmentally friendly, energy-saving, emission reduction, efficient and sustainable development.

二. EHS

To ensure safety for employees, to promote the development of enterprises, and to fulfil our responsibility to society.

三. EHS

Work together to build a safe JA Solar, set the benchmarks for the solar energy industry and collaborate with partners for synergies.

四. EHS

People-centred, prevention-oriented, continuous improvement.

五

1	Suspend production and operations when encountering any safety hazards to ensure employee health and safety.
2	Recognize that all injuries, occupational illnesses, and environmental incidents are preventable.
3	Treat compliance as the cornerstone of all operations and enforce strict adherence to fundamental safety and ethical standards.

六.

1	Direct or permit any deliberate violation of safety protocols.
2	Disregard hazardous operations management procedures while conducting activities that include, but are not limited to, hot work, confined space entry, blind flange installation, working at heights, electrical work, lifting operations, excavation, electrical isolation, and multi-person tasks.
3	Bypass lockout/tagout protocols.
4	Deactivate, impair, dismantle, or remove any safety devices or equipment (unless otherwise authorized).
5	Directly or indirectly contact, manipulate, or interfere with the moving parts of any equipment or materials (unless otherwise authorized).
6	Occupy, block, or close fire safety passages, or use fire-fighting equipment and facilities for non-designated purposes.
